#### **SPECIAL PROFESSIONAL HONORS OR AWARDS**

- American Medical Association's Leadership Award, 2003
- Medical Society of Virginia's Rising Star Award, 2001

#### **WHY DO YOU WANT TO BE AN OFFICER OF THE CAP?**

I am very passionate about all things CAP and have been since I was a resident member on the Practice Guidelines Committee. Secretary/Treasurer is a very important position in the CAP. As an Officer, I support the President and together with the other Officers have a strong role in helping to set the direction and tone of the CAP. I believe I have done a good job in this role over the past 2.5 years in large part due to my broad experience with prior service in the House of Delegates (HOD) and on multiple committees.

#### **WHAT MAJOR ISSUES DO YOU SEE FACING THE CAP DURING THE NEXT THREE YEARS?**

- Increased competition for PT and Accreditation
- Laboratory-developed Tests (LDTs)
- Scope creep
- Reimbursement for pathology/laboratory services
- Medical student interest in Pathology
- Balancing the budget

#### **IF ELECTED, WHAT DO YOU HOPE TO ACCOMPLISH?**

First and foremost, I want the CAP and pathology to be in a better financial/market position than when I was elected. During the last few years, expenses have gotten out of line with revenue and that has to be corrected over the next couple of years. I believe innovation is necessary for the CAP to continue to thrive. With the FDA's recent publication of LDT regulations, the CAP will need to help pathologists and laboratories navigate the rules and advocate on their behalf for reasonableness in its implementation.

I strongly believe that the CAP needs to continue its diversity path.
