- Service and Leadership - North Shore Pathologists, SC, 2021
- The President's Volunteer Service Award – The White House, 2024

#### **WHY DO YOU WANT TO BE A GOVERNOR OF THE CAP?**

Serving as Governor of the College of American Pathologists has been the highlight of my professional career, and I would like to continue serving the organization that has been instrumental in my professional journey and overall success. I view service on the Board as a way to give back to the CAP, and somehow play a role in ensuring that the CAP remains viable, relevant and critical to the practice of pathology for generations to come.

#### **WHAT MAJOR ISSUES DO YOU SEE FACING THE CAP DURING THE NEXT THREE YEARS?**

- 1) Increased competition for membership from sub-specialty societies leading to decreased membership - that is why it is paramount to create a "home" for all pathologists;
- 2) Increased opportunities to leverage AI / ML / LLM / data analytics into pathology workflows and increase efficiencies / accuracy;
- 3) Continued expansion of digital pathology and generative (and other) AI tools that will take the practice of pathology to the next level and beyond.

#### **IF ELECTED, WHAT DO YOU HOPE TO ACCOMPLISH?**

Continue being part of the conversations and strategic planning of the Board as it looks at the rapidly evolving practice of pathology across the enterprise and ways to make the CAP the one true "home" of all pathologists regardless of subspecialty or practice setting.
