

CURRICULUM VITAE

Carlos Arturo Lopez Garcia, MD

Date of Birth: 05/26/1985

Emails: carturo85@gmail.com
clopezgarcia@tulane.edu

PROFESSIONAL SUMMARY

I am a motivated PGY-2 Pathology Resident at Tulane University in New Orleans, Louisiana. Passionate about advocacy and medical education. I am currently applying for the position of Co-chair on the Resident Forum Executive Committee (RFEC). I have experience working in both public and private practice, as well as with non-profit organizations. Additionally, I have been exposed to medical education, training, and research in pathology at BIDMC Harvard in Boston, the University of Texas Health Science Center at San Antonio (UTHSC), and UTHealth in Houston.

EDUCATION AND VISA INFORMATION

Doctor of Medicine Degree

Universidad Autonoma de Nuevo León Facultad de Medicina, Monterrey NL México, 2011

Tulane University

Pathology Residency Program (AP/CP)

Start Date: 07/01/2023

End Date: 06/30/2027

Current PGY Level: PGY-2

EXPERIENCE

Internship

Hospital Dr. José Eleuterio González. Monterrey México, 2008 -2011

Medical Social Service

Centro médico San Rafael Galeana. Nuevo Leon México, 2011-2012

Harvard Medical School

Principles and Practice of Clinical Research (PPCR). Boston MA, 2015-2016

NON-PROFIT ORGANIZATIONS

Fundación Sigue Latiendo AC 2007 – 2023

Chairman

Co-founder of Fundacion Sigue Latiendo, responsible for fund acquisition for patient treatment, coordinating medical staff, and overseeing volunteer activities. Fundacion Sigue Latiendo AC is a nonprofit organization dedicated to providing treatment and raising awareness about cardiovascular diseases in Mexico.

CLINICAL PRACTICE

Hospital Universitario Jose Eleuterio Gonzalez, 2008-2011

Medical staff of the Division of Cardiovascular Medicine

- Conducted patient attendance, attended weekly educational seminars
- Interpreted conventional studies and worked in the clinical research area

San Pablo, San Rafael, and Galeana Clinic, 2011-2012

General and Urgent Care Practitioner

- Medical social service in a primary care clinic as a general practitioner and urgent care physician responding to medical problems presented by patients included evaluating medical histories, making diagnoses, and providing appropriate treatments and referrals.

Green Cross Emergency Department, 2012

General and Urgent Care Practitioner

- Practiced major and minor procedures, managed acute conditions (e.g., chest pain), sutured wounds, calculated infusion dosages for IV medications, provided midwifery care, monitored surgical wounds for infections, performed patient intubation and central line/Foley catheter placement, and diagnosed and treated various conditions.

Hospital Christus Muguerza, 2013,

General and Urgent Care Practitioner

- Practiced major/minor procedures, management of acute conditions (e.g. chest pain), wound suturing, infusion dosage for IV medications, monitoring surgical wounds for infections, and diagnosis/treatment of many kind of conditions

EMME Medical Emergencies, 2014

General and Urgent Care Practitioner

- Practiced major/minor procedures, management of acute conditions (e.g. chest pain), wound suturing, infusion dosage for IV medications, monitoring surgical wounds for infections, patient intubation, conditions focused mostly in the urgency area

Hospital San Jose Tecnologico de Monterrey, 2018-2022

General and urgent care practitioner – part-time basis

- Practiced major/minor procedures, management of acute conditions (e.g. chest pain), wound suturing, infusion dosage for IV medications, monitoring surgical wounds for infections, patient intubation, conditions focused mostly in the urgent care area.

RESEARCH EXPERIENCE

Beth Israel Deaconess Medical Center. Harvard Medical School. Boston, MA, July 2015 - July 2016
Researcher, PERFUSE Study Group

- Served as an *Associate Editor-in-Chief* for the Editorial Board at *WikiDoc Foundation* and authored over 50 chapters in oncology and crowd diagnosis.
- Attended trial-related meetings for significant clinical trials in cardiology.

University of Texas Health Science Center, San Antonio. San Antonio, TX, August 2016 - May 2017
Researcher, Department of Cellular Structural Biology

- Research of basic science related to hormonal function and physiology.
- Melatonin general research about its function and general uses.

Instituto Tecnológico y de Estudios Superiores de Monterrey. Monterrey, Mexico, September 2017 – 2023. *Researcher, San Jose Hospital, Pathology Service (intermittently)*

- Research on breast cancer, focusing on TILs, genetic mutations, and markers in the Mexican population.
- Private practice as an emergency and general physician

UT Health Science Center at Houston. Houston, July 2019- 2023
Professional Trainee (intermittently)

Ballester-Esquenazi Lab

- Research in neuro-oncology, neuropathology, and neurosurgery involves identifying new mutations in high-grade gliomas and brain metastases while assessing the incidence and relationship between breast cancer and gliomas.

Iberoamerican Journal of Medicine. August 2019 – June 2023
Associate Editor

- Responsible for ensuring the journal's quality, consistency, and impact within the research community.

PATHOLOGY OBSERVERSHIPS

Mission Regional Medical Center, Mission, TX, June 2017 - September 2017
Department of Pathology

- Observership in the Department of Pathology

Houston Methodist Hospital, Houston, TX, September 4 – September 30, 2018, *Department of Pathology and Genomic Medicine*

- Global Observership Program in the Department of Pathology and Genomic Medicine

MD Anderson Cancer Center, Houston, TX, October 1 – October 31, 2018, *Hematopathology Research Department*

- Observer in Hematopathology Research, Hematopathology Department, MD Anderson Cancer Medical Center

University of Miami, Miami, Florida, August 29 – September 23, 2022, *Department of Pathology, University of Miami Miller School of Medicine*.

- Virtual Observer in the Department of Pediatric Pathology and Neuropathology at the Pathology Department.

CERTIFICATIONS AND TRAINING

Basic Life Support (BLS), Christus Mugerza Monterrey, Mexico 2013

Advanced Cardiovascular Life Support (ACLS), Christus Mugerza Monterrey, Mexico 2013

Principles and Practice of Clinical Research, Harvard Medical School, Boston MA 2016

Harvard Catalyst, Harvard Medical School.

- Leadership Strategies for the Researcher November 2015
- Medical Device Development May 2016

TEACHING EXPERIENCE

Universidad Autonoma de Nuevo Leon 2008-2010

Pathology tutor

- Tutored med school students with lower grades in general pathology topics

Universidad Autonoma de Nuevo Leon 2008-2010

Cardiology tutor

- Tutored med school students with lower grades in general cardiology topics

Tulane University 2023 – Currently

- Teaching medical students' surgical pathology and autopsy service topics

VOLUNTEER EXPERIENCE

Fundacion Sigue Latiendo AC, 2007- 2013

Volunteers coordinator

Coordination of volunteers including visits to hospitals, nursing homes and schools endorsing the importance of the cardiovascular diseases.

UNIDOS AC, 2007-2011

Volunteer

Working in the Down's syndrome area. Unidos AC is a non-profit organization looking for the empathy, inclusion and respect for diversity in children with mental disabilities in Mexico

Besitos Salados AC 2009-2013

Volunteer

Working with Cystic Fibrosis Children. Besitos Salados AC is a non-profit organization looking for funding and treatment of children with Cystic fibrosis.

Harvard Medical School Office of Diversity, Inclusion, and Community Partnership (DICP) 2016

Volunteer

Working as volunteer in activities to advance diversity inclusion in health, biomedical, behavioral, and STEM fields that builds individual and institutional capacity to achieve excellence

LEADERSHIP AND AWARDS

- Co-founder of Fundacion Sigue Latiendo AC, University Hospital, Monterrey, Mexico 2006-Cur-
rently
- Recognition of "Service for Improving Health Disparities", Department of Cardiology, University
Hospital, Mexico, 2011
- Young Leadership Award, Fundacion Besitos Salados AC, Monterrey, Nuevo Leon, Mexico 2009
- 2nd place in Poster presentation at National Meeting of Biomedical Research, Monterrey, Mexico,
2010
- 3rd place in Poster presentation at the "XXVI National Meeting of Cardiology", Mexico City,
Mexico, 2010
- 1st place, award-winning of the IDEA project by the Government of Monterrey, State Institute of
Youth, Monterrey, Mexico, 2012
- Annual meeting travel grant award for the Genomics Molecular Workshop, ASCP 2024, Chicago,
IL
- Pathology Appreciation Group (PAC) member, Tulane School of Medicine
- Latino Medical Student Association member and panelist of the Tulane School of Medicine
- Mentorship of students at the PULSE program of Tulane School of Medicine

- Delegate of the Tulane Residency program at the College of American Pathologists (CAP) 2024-2026
- Awardee by the College of American Pathologists Foundation (CAP) with the 2025 Leadership Development Award, April 2025
- Representing Louisiana at the College of American Pathologists-Pathology Leadership summit in Washington, DC, April 2025

MEMBERSHIPS AND PROFESSIONAL SOCIETIES

- Active member of the College of American Pathologists (CAP)
- Active member of the United States and Canadian Academy of Pathology (USCAP)
- Active member of the American Society of Clinical Pathology (ASCP)
- Active member of the Texas Society of Pathologists (TSP)
- Active member of Latin American Pathology Foundation (LAPF)
- Active member of the National Hispanic Medical Association (NHMA)

LANGUAGES

- Native Language Spanish
- STEP CS 2019
- English Proficient. TOEFL 2020

SKILLS

- Windows XP
- Office Professional 2020
- MAC OS X
- Statistical Package STATA
- GraphPad
- Easy R

INTEREST AND ACTIVITIES

- Gardening
- Photography
- Yoga (Hatha and Kundalini)
