In addition to the following list of resources, we recommend reaching out to teaching institutions in your area to determine their interest in performing referred autopsies during this period. Contact information for teaching institutions can be found at Intersociety Council for Pathology Information (pathologytraining.org).

This list is offered as a service to members of the public. The list consists of members of the College of American Pathologists (CAP) who expressed an interest in performing autopsies on a fee-for-service basis. All listed members are board-certified pathologists, and none has paid to be included on this list.

The CAP has not investigated the training or experience of any individual on this list. Before engaging the services of any such individual, please conduct your own investigation and assessment of the qualifications of that individual.

THE COLLEGE OF AMERICAN PATHOLOGISTS DOES NOT ENDORSE ANY INDIVIDUAL ON THE LIST AND HEREBY DISCLAIMS ANY RESPONSIBILITY FOR THE ACTIONS OF SUCH INDIVIDUAL.
