

Publication Proposal

Thank you for your interest in partnering with CAP Publications. Please complete this form and submit it electronically, with the requested supporting documents listed in the Required Supporting Document Checklist section to bookpubs@cap.org.

Refer to the Book Proposal Instructions document for additional assistance.

Your proposal will be reviewed by the Publications Committee. After review, you may be asked to provide a sample chapter of the proposed publication.

1. Date:
2. Select one: New publication Revision of an existing CAP publication
3. Proposed title
Please refer to Book Proposal Instructions, page 3, for guidelines on creating an effective title
4. Corresponding author (lead editor)

Phone:

Email:
5. Additional authors:
6. Has this proposal been submitted to other publishers? Yes No

Publication Content and Format

Please refer to Book Proposal Instructions page 3, for guidelines on questions 1 to 3.

1. Describe the content of your proposed publication: (eg, nature, purpose, and scope).

2. List the major points you want to emphasize about the content and structure of your work, such as approach, coverage, and organization.

3. Please provide a one-line synopsis that sums up your book.
4. Will the content be relevant for the next five years? Yes No
5. Does the proposed project capitalize on unique aspects of the CAP, such as proficiency testing and/or laboratory accreditation? If so, please specify.
6. What other comments do you wish to share about the proposed publication (eg, information about the author and/or content, delivery method)?
7. What is your preferred type of publication that best fits your content?
Please refer to the Book Proposal Instructions page 4, for definitions on each type of publication
- | | | |
|-------------------------------|--------------------------|---------------------------|
| Short Form Publication | Atlas | Benchtop Reference Guides |
| Laboratory or Practice Manual | General Publication Text | |
8. Provide an estimate of the following:
