Interest/Activity Type	Entity	Description (if applicable)
<b>Stephen Raab, MD</b>		
consulting fees or advisory board	KBKN, LLC	On August 9, 2024, I resigned my position from the Agency for Healthcare Research and Quality (AHRQ). Starting on August 10, 2024, I became self-employed in a small business (KBKN, LLLC). I will do consultations in medical legal work regarding product liability. In previous work, this activity does not overlap with patient safety, so I do not think that I have a conflict of interest in the work for the CAP. However, I want to list this activity as I left the government, which limits the work I can do for the government. The government already permitted me to do this consultant work as it is product liability work and not patient safety work. 2024-Current/Ongoing
