

Guide for Proficiency Testing (PT) Results Form

Sample of Page 1

Information #1

This indicates the Product Fulfillment Group (PFG) and CAP program year

Information #2

The due date for submitting the test results for the samples in the kit is indicated here.

Information #3

This area provides your CAP number. If applicable, the CLIA number is also listed.

Information #4

This is where your laboratory's address is displayed.

Information #5

This section provides basic instructions regarding how to submit the test results as well as if corrections are needed to be submitted.

The results may be completed and submitted:

1. Online through e-LAB Solution Suite (ELSS)
2. Hand-written on the paper form (included with the kit) and then faxed to the CAP

Information #6

This is where the analyte being tested is listed.

Information #7

Record results in the open boxes. This can be filled out on the paper form or entered online.

NOTE: If you enter results online and want to make a print out, please remember to save your data first.

General Chemistry and Therapeutic Drugs Survey Result Form

Important

To print results, you must first save your data.

Results cannot be accepted if received after the due date.

Corrections can be made to this result form at any time prior to the due date. For results that are approved online, corrections must also be done online. Faxed or mailed corrections will not be accepted.

If you submit results online, you must click **APPROVE AND SUBMIT TO CAP** in order for results to be received at the CAP.

Alert! Missing or incorrect codes may result in a failure. For those laboratories subject to CLIA regulations, repeated failures may result in a directive from the CMS to cease patient testing for an extended period of time.

Results Date samples received in laboratory:

Bilirubin, Direct

Method Code Instrument Code Reagent Code not required

Unit of Measure 101 mg/dL 108 µmol/L

Exception Code 11 22 33

060 CHM-11

070 CHM-12

080 CHM-13

090 CHM-14

100 CHM-15

Bilirubin, Total

Method Code Instrument Code Reagent Code not required

Unit of Measure 130 101 mg/dL 108 µmol/L

Exception Code 11 22 33

150 CHM-11

160 CHM-12

170 CHM-13

180 CHM-14

190 CHM-15

Calcium - Serum

Method Code Instrument Code Reagent Code not required

Unit of Measure 220 101 mg/dL 107 mmol/L

Exception Code 11 22 33

240 CHM-11

250 CHM-12

260 CHM-13

270 CHM-14
